Dear Miranda,

We are so appreciative of your support and want to share with you the impact your generosity is having on individuals we serve.

Gerardo (name changed) arrived in Pennsylvania on an H-2A visa, ready to work the apple harvest. Just two weeks later, he went to a clinic with fatigue and knee pain—and life-altering diagnosis: end-stage kidney disease of unknown origin. The clinic gave us a call and our Health Network Associate moved into action, connecting Gerardo with di arranging medical transport for his return to Mexico, and identifying options for long-term treatment in his home country.

But your impact didn't end there. We also educated clinicians on how to better care for migrant farm workers. With your help, we provided culturally relevant tools, bilingual and training on migrant healthcare—ensuring providers are better equipped for the next patient like Gerardo.

Thank you for your contribution. Please keep the summary below for your records:
