Miranda Martin

Minneapolis, MN

Dear Miranda,

Thank you for your generous gift to Migrant Clinicians Network. Your support is already making a difference for clinicians and the communities they serve.

Your compassion is creating real change. Consider these stories:

- **Rosa\***, a grandmother suddenly caring for her grandchildren after her daughter was deported, found stability through MCN's connections to food, school supplies, and other resources.
- **Ana\***, a community health worker, saw patients skipping care out of fear of detention or deportation—until MCN's webinars and resources gave her the tools to guide them with confidence and compassion.
- When a proposed rule change threatened to block farmworkers like **Miguel\*** from essential health care, MCN stepped in, advocating for better policies and ensuring access to saving treatment.

These stories—and so many more—are possible because of you. By giving, you equip clinicians with training and resources, connect patients to care, and ensure that compassion leads the way.

This is what **Compassion Over Politics** looks like: listening, learning, and responding with solutions that keep care accessible for everyone.

Thank you for your contribution. Please keep the summary below for your records:
