Dear Miranda,

Thank you for your generous gift to Migrant Clinicians Network. At this moment – the height of flu season – your support ensures that frontline clinicians remain prepared to respond with inform compassion.

As dairy and poultry workers face heightened risks from H5N1 during flu season, clinicians across our network are stepping up with compassion and skill. Because of you, they have the clear, guidance they need to keep workers and their families safe.

Your generosity helps ensure that when health threats shift suddenly, the people who feed our communities aren't left unprotected — and the clinicians who serve them aren't left without the need.

Thank you for your contribution. Please keep the summary below for your records:
